

Village Maintenance Report

To: Mayor David Miller

Cc: Deputy Mayor Larry Chaleff and Village Trustees

From: Brian Gauger

Date: April 29, 2024

Re: April 2024 Maintenance Report

1.General Village Maintenance: The village sign restoration has been ongoing; the two signs will be re-installed in the next few days. All village lawns have been seeded and fertilized. The sprinkler systems will be tested and turned on, and any repairs will be made. We trimmed the bushes, pulled the weeds and mulched the village hall, Clent triangle, and the three entrances on Northern Blvd. The battery on the backup generator for village hall was replaced and recommended by the service company. In preparation for the future paving project, the crew sawcut the road at the Clent triangle and the corner of Dodford and Chester. We dug the trench out and installed a pipe across the road. The john deere tractor was swapped over from winter to summer mode, the tires were swapped and the mower deck was installed.
