

Village Maintenance Report

To: Mayor David Miller

Cc: Deputy Mayor Larry Chaleff and Village Trustees

From: Brian Gauger, Motor Equipment Operator

Date: February 22, 2023

Re: February Maintenance Report

- General Village Maintenance:** We found that a sign post on Melbourne Road was broken off at the base, a new sign post was installed. We have gone out and picked up the piles of branches from the numerous wind storms we have had. The step rail bracket on the driver's side of the Ford truck was rusted out, we removed the step and fabricated new brackets with metal that we had in the shop. The crew has finally finished loading out the leaves from the pool parking lot. Upon completion, we brought the street sweeper down and swept the lot. Due to the warm weather, we have been having, we were able to do a deep cleaning on all of the vehicles and equipment using the pressure washer. During the brief cold spell, we had the crew bring down the wooden table from the court room and restored it. They step sanded, wood prepped, stained and sealed the entire table. All of the newly installed village garbage pails will now be chained to a post to prevent any theft.
