

Village Maintenance Report

To: Mayor David Miller

Cc: Deputy Mayor Larry Chaleff and Village Trustees

From: Brian Gauger

Date: October 31, 2024

Re: October Maintenance Report

1. General Village Maintenance: The street sweeper has been going out daily. We installed 10 new stop sign posts on Tain Drive. The seals on both pistons on the Gehl bucket started leaking, we removed the pistons and are having a new seal kit put in. The fitting in the sprinkler manifold in the park broke, replaced fitting and installed a new irrigation box. The tennis courts have been shut down for the season, all nets and divider screens were removed and stored away. Tony cut out the rust holes on the 1993 International dump body and welded in new pieces of metal.

2. Street Lighting: The light at the bottom of the Joyce Cohn Pathway was out, found the problem to be a blown fuse. We replaced the rotted-out poles at 16 Linford and 47 Tain.
