

# Village Maintenance Report

**To:** Mayor David Miller

**CC:** Deputy Mayor Larry Chaleff and Village Trustees

**From:** Brian Gauger, Motor Equipment Operator

**Date:** November 29, 2022

**Re:** November Maintenance Report

---

- 1. General Village Maintenance:** The street sweeper has been going out on a daily basis. The last camera was received and installed at the Tain Drive location. We rented a tow behind air compressor from ABC Tool Rental to winterize all of the village irrigation systems. The 2003 and 1993 Internationals went to Syosset Trucks for their yearly inspection and preventative maintenance, the 1993 needed some exhaust work performed to pass inspection. The tennis courts were closed and nets and dividers were removed for the winter. Firemasters came in and performed our yearly check on all fire extinguishers in the vehicles and trucks. After meeting with Deputy Mayor Chaleff to address a erosion concern at the catch basin at the end of Wensley Drive East, a retaining wall was constructed using pressure treated 6x6 timbers.
- 2. Village Street Lights:** A “kick-off” meeting was held with the contractor and engineers to discuss the future street light project.
