

Village Maintenance Report

To: Mayor David Miller

Cc: Deputy Mayor Larry Chaleff and Village Trustees

From: Brian Gauger, Motor Equipment Operator

Date: January 31, 2023

Re: January Maintenance Report

1. General Village Maintenance: A new posting board was installed at the village hall. The handicapped door switches have been replaced and are now hard wired instead of battery operated. We have continued to load out the remaining debris from the pool parking lot. The 2 large safes were dismantled and removed from the basement storage room. I ordered “photo enforced” signs and hung them at the Tain, Wensley, Melbourne, and Dunster entrances. The new Kenworth truck was delivered from Gabrielli trucks, and I went to DMV to transfer the registration from the 2003 International that was sold.

2. Village Street Lights: During our morning rounds we found that the light on the corner of Linford Rd and Wensley Dr was out. We changed the bulb and tested for proper operation. While there we noticed the pole was rotting, the pole will be replaced in the near future.
