

Village Maintenance Report

To: Mayor David Miller

Cc: Deputy Mayor Larry Chaleff and Village Trustees

From: Brian Gauger, Motor Equipment Operator

Date: October 2, 2023

Re: September 2023 Maintenance Report

1.General Village Maintenance: We received and installed the new camera for the end of Tain pathway. The tree at 7 Wensley fell across the road, the crew cut, chipped, loaded out, and removed the stump and roots. Topsoil will be brought in to repair any damage to the property. The 93 International power steering box had a leak from one of the plugs, the part is no longer available, we were able to weld a new cap on the plug and stop the leak. All of the bushes at the entrances throughout the village have been trimmed down. Curb repairs have started.

2.Street Lighting: The lighting project has been completed. We will be having a training session on the new system in the near future.
