Re: July Maintenance Report

1.General Village Maintenance: Three new garbage receptacles were delivered and installed on the Joyce Cohn pathway, the traffic triangle on Clent Road, and at the end of Clent Road. All of the stop, parking, and yellow lines were re-painted throughout the village. The potholes have been filled throughout the village. All of the brackets to mount the security cameras were delivered, mounted on the poles and cables run for future camera install.

2.Equipment Maintenance: The battery and terminal end was replaced on the street sweeper (not holding a charge). Fuel stabilizer was added to the fuel tank on the paint machine for storage until future use.
